

OSA-2024-63  
19 April 1963

25X1

25X1A

Dear Mr. [REDACTED]

Your letter dated 12 September 1962 has been reviewed and the following action taken: items 2(a) and 2(d) are approved, reducing your outstanding balance to \$2.94.

The claim for BOQ charges remains disallowed. The information contained in 1(a) and 1(b) of your letter does not justify the use of BOQ for storage of personal effects. There is no provision under existing regulations for substituting excess baggage costs for BOQ charges as in 1(c) of your letter. Reasonable and prudent action on your part would have suggested the baggage be stored with the detachment supply facilities during your absence.

25X1A

In regard to 2(b), on 5 November 1962 you departed [REDACTED] at 1245 hours arriving at [REDACTED] at 1800 hours where quarters were provided. In computing deductions from per diem where quarters are provided the 40% deduction is taken from the total per diem computed for the entire day regardless of how many different locations are visited during the day.

25X1

25X1A

In regard to 2(c), the departure time from [REDACTED] was 1600 hours, therefore the morning and noon meals would have been provided requiring a reduction of 30% (15% for each meal) of the total per diem for the entire day.

25X1A

Settlement of the \$2.94 should be made by personal check made payable to [REDACTED] and forwarded to Headquarters.

Very truly yours,

25X1A
